## KORTRIGHT NATURE AND OUTDOOR ADVENTURES

Discover the fascinating world of nature at the Kortright Centre for Conservation. Plan an outdoor adventure as part of your camp, daycare or youth group program. We offer a variety of nature discovery programs taught by environmental educators, which are fun and educational. Most programs are ideal for children aged 6 to 14. For preschool children the programs **Bug Hunt and Nature Exploration** are suggested.

### Bug Hunt

*Age 4 and up. Half-day program. May – October.*

Ambush bugs, Tiger Beetles, Dragonflies and Painted Lady Butterflies are just some of the fascinating insects and invertebrates you may see and learn about during this hands-on program. Participants will be given the opportunity to catch, observe and release a variety of insects in different habitats.

### Busy As A Bee

*Age 6 and up. Half-day program. May – September.*

Observe Kortright's active bee hives from the safety of a screened in building. Learn about "smokers", "supers" and other beekeeping equipment. Complete your program with a taste of pure honey made from Kortright's bees.

### Nature Exploration

*Age 4 and up. Full or half-day program. All Year.*

This seasonally adjusted program focuses on the plants and animals of Kortright. The many hands-on activities include nature games and activities, touching furs and feathers and hiking through Kortright's many amazing habitats.

### Finding Your Way

*Half-day program. All Year.*

#### Map Skills and Orienteering (Ages 8–12)

Learn map reading and orienteering skills and work in teams to navigate your way to orienteering markers at different locations on the property.

#### GPS / Geocaching (Age 13+)

Practice using GPS units and then follow coordinates to complete a geocaching exercise on the Kortright property. Add an additional \$15 equipment fee for this program.

### Give A Hoot

*Age 6 and up. Half-day program. All Year.*

Hike through owl territory and learn to "hoot like an owl". Be a scientist and dissect owl pellets to see what our feathery friends have been eating.

### Kite Flying Fun

*Age 8 and up. Half-day program. April – October.*

Come fly a kite! See how we can capture the wind's energy to 'fill a pond' and generate electricity.

### Life on the Farm

*Age 6 and up. Half-day program. May – October.*

Join us at our 100 acre sustainable organic farm. Learn about sustainable agriculture, participate in some farm tasks, meet a farmer and take home something to grow in your own garden.

### Let's Go Green

*Age 10 and up. Half-day program. All Year.*

Learn hands-on skills to conserve water and energy, to reduce waste and water pollution at home, in school, and in your community. Participate in a conservation scavenger hunt.

### Survival Skills

*Age 8 and up. Half-day program. All Year.*

Learn what to do if you are lost in the woods. Build a natural shelter and a fire to keep your group warm.

### Low Ropes and Team Building

*Age 12 and up. Full-day. All Year.*

The low ropes and team building program allows participants to develop their leadership, trust, problem solving and communication skills. Our professional facilitators are trained to provide exciting and rewarding programs that suit the level of your group.

*Please note that the low ropes option is only offered with Team Building and is available from April to November (weather permitting). We require a leader to participant ratio of 1:12. Team building can be offered as a stand-alone half-day program.*

### Moccasin Walk

*Age 7 and up. Full or half-day program. All Year.*

Journey back 400 years and learn how the Wendat people used natural resources to survive. Grind corn, use traditional methods to start a fire and play Aboriginal games.

### Wetland Discovery

*Age 6 and up. Half-day program. Mid-April – October.*

Whether it is a river, marsh, pond or swamp, Kortright's wetlands are fascinating habitats. With a dip net in hand, look for frogs, fish, turtles, invertebrates and more. Play games and learn what you can do to save our wetlands.

### Animal Games

*Age 6 and up. Half-day program. All Year.*

Imagine you are a squirrel, a deer, or a rabbit. How would you survive in the forest? Play active games that show how animals manage to hide, find food, use camouflage, and communicate with each other.
